## Practical Ideas and Strategies

Do you have students who have fallen behind and now have significant learning gaps? Are you wondering how to teach your grade-level standards while closing gaps from previous year's standards? Are you looking for a way to maximize your teaching time to help your students catch up and feel successful again? If so, then you won't want to miss this seminar by veteran educator and presenter, **MELISSA DICKSON**. The focus will be on four key steps to make learning stick, allowing you to double the speed of your students' learning and help them catch up in record time. Melissa will provide you with easy-to-implement strategies for each step, as well as, sharing how you can "bump up" the strategy to provide more challenge or "break down" the strategy to scaffold for struggling learners. **Join Melissa for a day filled with high-impact strategies and approaches to add to your teacher toolkit. You will have fun and leave with a multitude of ideas that can be easily adapted to your learning environment.**

# A Message From Seminar Leader, Melissa Dickson

## Uniquely Qualified Instructor

**MELISSA DICKSON** is an outstanding presenter and educator, and the author of the 2020 Teacher's Choice Award winning book, *Teaching with The Instructional Cha-Chas: 4 Steps to Make Learning Stick*. She is passionate about providing teachers with research-based ideas and strategies for increased learning that can be immediately implemented to help your students catch up and get back on track. In her decades as an educator, Melissa has supported all grade levels and has been a literacy coach, staff developer, site-based team leader, mentor teacher, inclusion teacher, classroom teacher and early childhood teacher. She has a master's degree in Reading and her ability to provide relevant information with humor and enthusiasm makes her a welcome addition to schools wanting customized training and coaching, as well as a popular presenter at numerous international, national, state, and district level conferences.

Dear Colleague:

If COVID-19 has taught us anything it is that we cannot always control what is happening around us. The unfortunate reality is that despite best efforts during the pandemic, many students' learning took a dramatic downward turn, leaving them with shaky foundations and gaps in their learning. Are you interested in learning new and innovative ways to help your students catch up with cutting edge teaching strategies? Well, I can help! During our day together, you'll be introduced to brain-friendly teaching strategies for each of the four key steps that will transform your students into more active learners and independent thinkers.

I have designed this seminar to provide you with the four key steps that can double the speed of your students' learning. Yes, you heard me. That means that if a student enters your classroom a full year behind, and you use these four steps routinely, the student can leave your class on grade level. I want to help you see how to meet the diverse needs in your classroom with easy-to-implement strategies that boost engagement and help your students take ownership for their learning.

Join me and experience a productive day of learning filled with highly practical strategies and resources designed to help you make a huge difference in your students' learning. My goal is to give you an array of ideas and activities you can use the very next day to help your students who have fallen behind catch up more quickly and increase learning at all levels in your classroom. I look forward to meeting you and sharing my experiences, strategies and resources with you!

Sincerely,

*Melissa Dickson*

Melissa Dickson

**P.S. Armed with a toolkit full of engaging, easy-to-implement strategies and resources, you will leave re-energized, confident, ready to meet your students right where they are, and to effectively enhance your students' learning.**

*"Join me and experience a productive day of learning filled with highly practical strategies and resources designed to help you make a huge difference in your students' learning!"*
