"Seminar was really good. Give me some good ideas to use in the classroom"

— ROBERT VILLASENOR, PHYSICAL EDUCATION

Practical Ideas and Strategies

In this unique **NEW** seminar, award-winning physical education teacher and nationally recognized instructor **Collin Brooks**, will share practical ways to make the best use of cutting-edge technology to enhance physical education instruction in grades K-8. Whether you are a grades K-8 physical education specialist or a classroom teacher responsible for teaching your students physical education, this high-energy seminar will provide you with a wealth of innovative activities and resources you can use the next day to enhance your entire physical education program. Collin will lead you through an engaging day of innovative, standards-based physical education activities designed to increase the engagement and fitness level of every student. You'll discover proven behavior and classroom management approaches that will help you develop an inclusive, and positive learning culture in your physical education program. You'll receive an extensive digital resource handbook with step-by-step instructions for utilizing all the tools and activities presented in this seminar, plus access to Collin's online resources specially created to reinforce and extend your learning after the seminar.

A Message From Seminar Leader, Collin Brooks

Uniquely Qualified Instructor

COLLIN BROOKS is an experienced, national board certified and award-winning physical education teacher, blogger, podcaster, and presenter. Collin has presented and keynoted at the state and national level and is a co-creator of the #PhysEdSummit, an international online physical education conference. He has an impactful presence within the physical education online community and also has served on the SHAPE America Board of Directors. Collin is passionate about student-driven quality physical education, using technology to enhance learning in physical education and helping physical education teachers improve their practices. Collin is the author of *Best Cutting-Edge Tech Tools, Activities, and Resources for Enhancing Your Physical Education Program (Grades K-8)*, the comprehensive physical education digital resource handbook each participant will receive at the seminar. **Participants find Collin's seminars highly engaging, participant-driven and full of practical ideas easily implemented in their physical education settings.**

Dear Colleague:

As an experienced physical education teacher, I have seen firsthand how technology, when used effectively, can increase student engagement and yield numerous time-saving benefits in enhancing physical education instruction. I have designed this one-of-a-kind seminar to share with you very practical ways to make the best use of technology in your physical education program. Throughout our day together I will share with you a wide variety of both tech and non-tech activities, strategies and resources that will enhance all aspects of your physical education program from assessment to increasing your students' fitness levels.

Come dressed to actively participate! During the seminar, you will have the opportunity to experience a variety of hands-on learning experiences designed to broaden your skillsets and provide you with activities that can easily be implemented in multiple physical education settings.

I invite you for an engaging day of networking and learning. Both you and your students will benefit from the wealth of standard-based, kid-tested, innovative activities and strategies you'll acquire in this seminar.

I am excited to meet each of you at the seminar and learn how I can best support you in enhancing your current physical education program.

Sincerely,

Collin Brooks

P.S. You will receive an extensive grades K-8 physical education digital resource handbook written specifically for this seminar, **filled with all the practical and innovative activities you will experience during the seminar** and access to Collin's Facebook group to extend your learning.

"I will share with you a wide variety of both tech and non-tech activities, strategies and resources that will enhance all aspects of your physical education program."

What Your Colleagues Say About Collin Brooks

*"I really **enjoyed Collin's seminar and the helpful information** he shared."*

*"Collin's seminar **helped me take greater ownership of the technology** I already have."*

*"Collin shared **realistic and practical ideas for the physical education classroom.**"*

*"I appreciate that Collin is **very enthusiastic and approachable for questions.**"*

*"Collin **shared great ideas** on how to use gamification and implement it into PE."*

*"**Collin shared some great ideas** I'm going to use during my Fitness Friday Activities!"*

*"It is so helpful to have a presentation by such an experienced physical education teacher **who strives to stay on the cutting-edge of practice.**"*

About BER Seminars

Outstanding Instructors

All programs are led by outstanding, top-rated BER national trainers.

Extensive Digital Resource Handbook

You'll receive an extensive digital Resource Handbook full of practical strategies and resources.

Highly Interactive

You'll be able to ask questions, consult with the instructor, and share ideas with other participants.

Program Guarantee

As we have for 45 years, we guarantee the high quality of our programs. If you are not satisfied, we'll give you a 100% refund.

Special Benefits of Attending

'Collin shared many useful resources and ideas.'

On-Site Training

Most BER seminars can be brought to your school or district in-person or online. See the options at www.ber.org/onsite or call 877-857-8964 to speak to one of our On-Site Training Consultants.

Extensive Digital Resource Handbook
