Practical Ideas and Strategies

School nursing today can often be challenging and overwhelming. This intensive one-day seminar will help you overcome the speed bumps you face each and every day and renew your enthusiasm for this complex job. **VICKIE BECKWITH**, an exceptional school nurse with over 25 years of experience, will share numerous timesaving tips to increase your efficiency and effectiveness and enhance your school nursing practice. She will provide insight into the evolving and complex role of school nursing today along with easy-to-apply strategies to implement in your daily practice, as well as up-to-date assessment/triage strategies in times of disaster. Vickie will help you embrace technology to advance your practice and keep current with the latest resources. You will discover practical ways to avoid conflict and communicate more effectively with colleagues, parents and students. In addition, you will gain insight and strategies that will enable you to comfortably support students with behavioral health issues and better manage emergencies and chronic health problems.

A Message From Seminar Leader, Vickie Beckwith

Uniquely Qualified Instructor

VICKIE BECKWITH not only brings over 25 years of practical school nurse experience to her seminars, but also a passion and enthusiasm for the valuable and critical role school nurses play in schools. She has implemented numerous, innovative programs to improve student outcomes and has served as a mentor for new school nurses for over a decade, including being a preceptor for BSN students completing their public health rotation in the school setting. She has been a frequent presenter at NASN national meetings as well as local/state in-service programs. She has authored many articles and most recently a feature article in *NASN School Nurse* on motivational interviewing. She is the author of *Keys to Enhancing Your Effectiveness as a SCHOOL NURSE (Grades K-12)*, the digital resource handbook you will receive. Using her own practice with the work of school nursing's best resources, Vickie provides tips, tools and strategies for managing the complex school health office duties. You will leave her seminar with a renewed enthusiasm and energy for your job as a school nurse!

Dear Colleague:

More and more is being asked of school nurses every day. There are increasing numbers of students, more complex medical issues, new legal requirements, greater demands from parents, teachers and school administrators, and so much more. Frustration and burnout is commonplace. Don't let this happen to you. Join me and other school nurse colleagues to share stories and gain insight into what will help you become more successful and less stressed about getting it all done! I developed this seminar to address today's issues and provide you with practical tools and strategies to take back and use immediately.

My goal is to not only enhance your knowledge but also to give you innovative skills, strategies and resources to support your practice. Become more effective and efficient by discovering new strategies and tools to:

- Embrace the evolving role of school nurses
- Improve communication skills and avoid conflict
- Master emergency procedures without stress
- Take advantage of technology in support of your practice
- Eliminate confusion with care plans
- Respond with confidence to behavioral health issues

School nursing is a unique and challenging position. The good news is we can all make a difference in the lives of our students and continue to champion the role of the school nurse in improving student outcomes. Join me for a fun, exciting day and leave energized and motivated to apply what you have learned in your own school(s).

Sincerely,

Vickie Beckwith

Vickie Beckwith, RN, PHN, MSN

P.S. Join your colleagues and me for a day filled with **new strategies and techniques to build on your success and increase your efficiency** as a school nurse.

"My goal is to not only enhance your knowledge but also to give you innovative skills, strategies and resources to support your practice."
