# A Message From Seminar Leader, Eric Curts

## Uniquely Qualified Instructor

**ERIC CURTS** is an experienced classroom teacher, technology coach and certified Google Education Trainer and Innovator with more than 28 years of experience in education. In addition to supporting his local schools, Eric travels across the country to speak at conferences and inspire educators. His passion is to help educators see creative ways to use the tools they already have in their hands, so that students can make better use technology to learn, collaborate, create, and share.

Eric is the author of *Making Best Use of GOOGLE CLASSROOM* and *Free Google Tools to Improve Student Learning (Grades K-6)*, the extensive digital resource handbook each participant will receive at the seminar. He is a co-leader of his state's Google Educator Group and runs the award-winning blog "Control Alt Achieve" where all of his Google Apps and edtech resources can be found, including blog posts, webinars, templates, help guides, podcast episodes, and more.

**Participants leave Eric's seminar with a wealth of practical tools and creative ideas for using Google Classroom and other Google Workspace for Education Tools they can use immediately.**

Dear Colleague:

As educators, we want to provide students with the best opportunities to learn and grow. One way we can do this is with the best creative and practical uses of technology. With free tools such as Google Classroom, Docs, Slides, Sheets, Drawings, Forms, Chrome Extensions, and more, we can create authentic learning opportunities, more efficiently meet the needs of diverse learners, foster collaboration between students, and encourage greater creativity.

As an educator for more than 28 years, I have had the opportunity to work with students and support teachers in the use of technology to elevate learning and instruction. From my local schools, to teachers all across the country, I have had the privilege to work with countless educators on the creative use of Google Tools in the classroom.

Throughout our day together, I will share the best practices for using Google Classroom, along with a wide variety of Google Tools to engage students in the learning process, give them many ways to create and express themselves, and support struggling learners.

I invite you to join me for a day of exploration and discussion on how you can more effectively utilize Google Classroom to enhance teaching and learning.

I look forward to meeting you at the seminar!

Sincerely,

Eric Curts

P.S. I know how valuable your time is. This seminar will focus on **practical ways to incorporate Google Tools in your classroom** and learn tips and tricks to save time.

*"I will share the best practices for using Google Classroom and a wide variety of Google Tools to engage students."*
